QuickStand Drape Series

Portable Presentation Screen for ProAV
www.elitescreens.com/quickstanddrape

QuickStand Series

The QuickStand series is the perfect companion for small to large size projection applications.

- Strong, lightweight and portable folding aluminum fixed-frame screen for multi-media conference/classroom presentations
- Standard Matte White (Gain 1.1) screen material
- Optional rear projection screen material (Gain 2.2)
- Sealed edge detachable frame design with material snap button attachments and corner pull cords to extend product life with prolonged use
- Easy setup and teardown design with no tools required
- Adjustable frame height can be raised or lowered at 8" increments for various presentations
- Lightweight and durable aluminum traveling case is wheeled for easy transport, storage and shipping for tradeshows and traveling presentations
- 150" plus-sized models come with AT legs for additional support
- Available in 72" to 250" diagonal sizes in 4:3 or 16:9 aspect ratio
- Drape kit models also available
- Two year Manufacturer's parts & labor warranty

Standard AT Legs come with 150" and larger models.

1

Locking mechanism on the metal
storage case ensures safety
during the storage and shipping
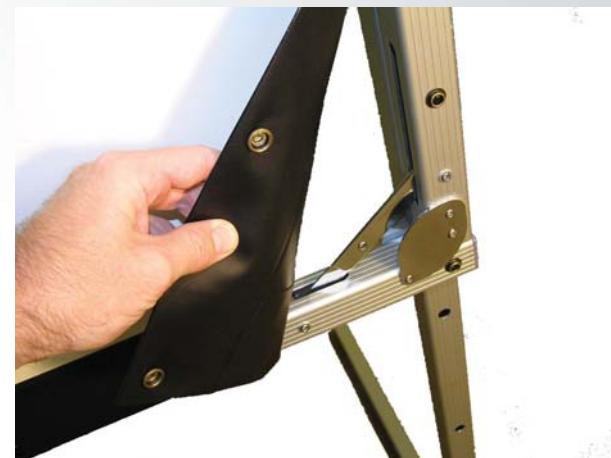

Light weight and durable
aluminum traveling case is
wheeled for easy transport,
storage and shipping

Strong Corner-Guard provides
additional protection during
transport and storage

Aluminum frame connections ensure structural
integrity with constant use.
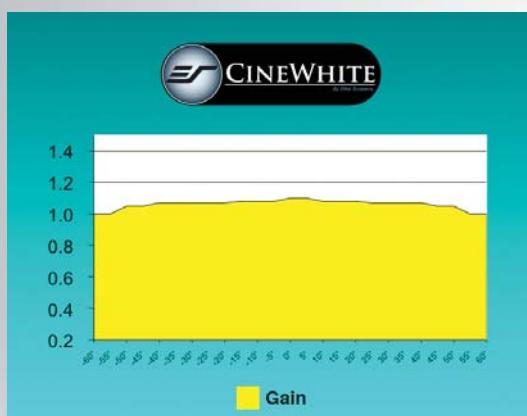

Choose either CineWhite Front Projection or Wraith Veil Rear Projection Material
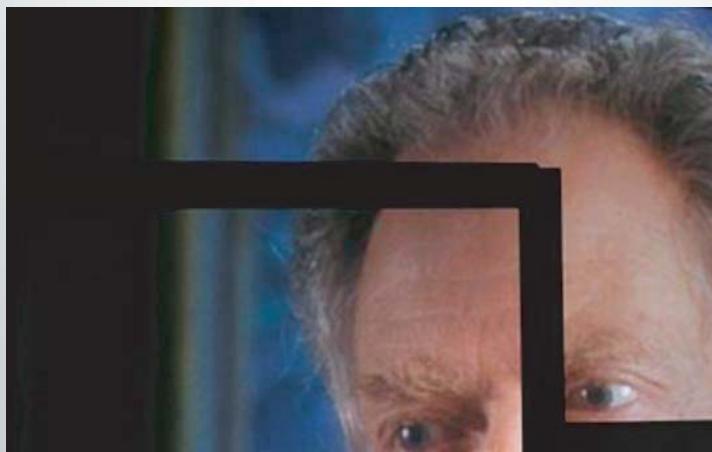

By comparison, the Firehawk® screen tends to reject ambient light from the side, a little better than the ezFrame by Elite. (All's fair - an equivilent Firehawk fixed wall projector screen is much over double the price. Color was virtually identical, but yellows did appear just a touch stronger than on the Firehawk®. This was very close and not an issue. Overall color was very good.with a 100" 16:9 Elite ezFrame screen selling for about half of a Da-Lite Cinema Contour with ProTrim (their fancy flourish border), and barely a 1/3 of a Stewart Luxus Deluxe, it allows home theater people to own an attractive looking fixed wall screen, with good performance, at a price that simply isn't available from the larger established brands.

Art Feierman / Projectorreviews.com

QuickStand Series: Folding Screen, includes aluminum traveling wheel case
